Chairman's Speech

Our valued shareholders:

May the peace, blessings, and mercy of God be upon you ,,,

On my own behalf and on behalf of my fellow esteemed Board members, I am pleased to present to you the annual report of Ayyan Investment Company and the final accounts for the fiscal year 2024, highlighting the company's key performance, achievements, and business developments over the past year.

With confidence and objectivity, 2024 was an exceptional year for Ayyan Investment Company. It witnessed a series of corrective steps in our business methodology and strategic directions, contributing to the reallocation of our investment portfolio, strengthening the company's financial position, enhancing future growth plans, and enhancing our ability to manage potential risks, while consolidating governance principles and maintaining a broader understanding of accelerating economic changes.

The financial results for 2024 showed a decline in the company's losses, reaching SAR 164.4 million at the end of the year, compared to losses of SAR 216 million incurred during the same period in 2023. This was due to a decrease in losses resulting from discontinued operations, and a decrease in the cost of revenues and selling and marketing expenses. Shareholders' equity at the end of the period, after excluding priority rights, reached SAR 606.870 million, compared to SAR 500 million at the end of the same period of the previous year.

During the year, the company continued its practical steps to reassess and reallocate its investments in line with our strategic objectives, enhancing the efficiency of its investment asset management and diversifying its base, maximizing shareholder value, and charting a new path to achieving better financial results in the coming years.

Within this framework, the company increased its capital by 24.8% through a rights issue, raising capital from approximately SAR 806 million to SAR 1,006 million through the offering of 20 million shares.

As part of its efforts to reallocate its investment portfolio, the company completed the sale of 693,666 shares in the Arab Paper Manufacturing Company for SAR 17.23 million to the Materials Recycling Company for Environmental Services.

The Capital Market Authority's approval to list the shares of Emergency Medical Care Company, in which Ayyan Investment holds a 25% stake, on the parallel market "Nomu" and commence trading of its shares, represents a qualitative value to the company's efforts to encourage and motivate its affiliated companies to list their shares on the financial market, as this will have a positive impact on shareholders' rights and the company's financial position. It also responds to Ayyan's long-term investment strategy to enhance investor confidence in the soundness and prudence of its investment approach by establishing standards of governance and transparency.

Ayyan Investment has culminated its corrective steps for the fiscal year 2024 by putting the final touches on the substantial deal with Dallah Healthcare Company, which consists of selling all the shares owned by the company in its subsidiaries, amounting to 97.41% of the capital of Al-Ahsa Medical Services Company, and 100% of the capital of Al-Salam Medical Services Company, including their respective rights and obligations, to Dallah Healthcare Company. This is in exchange for non-cash compensation that Ayyan Investment Company will receive under the deal, which consists of Dallah Company issuing new shares to Ayyan Company, representing 3.83% of Dallah Company's capital after its capital increase. There may also be cash compensation due to Ayyan Company under specific circumstances in the acquisition and subscription agreement. This transaction, which was subject to careful and diligent study, aimed to ensure its consistency with Ayyan's strategic objectives and to stimulate its investment activity by seeking favorable growth opportunities that align with its short- and long-term interests and those of its shareholders, and contribute to increasing its returns.

Dear shareholders

The momentum that accompanied the company's business during 2024 reflects our unwavering will and unwavering commitment to meeting the aspirations of our shareholders and achieving better financial results by developing our investment procedures, enhancing our strategic approach, and strengthening our ability to overcome challenges and transform them into growth opportunities. This certainly requires continuing to diversify our investment base to make the company more resilient, contain challenges, and create positive transformations that respond to our strategic ambitions and prove that we are on the right path.

In conclusion, I extend my thanks and appreciation to my fellow Board members for their effective contribution and tireless efforts during the year, and to the executive management team and all employees of Ayyan Investment Company for their dedication and sincere efforts. I also extend my thanks to our esteemed shareholders for their continued confidence in the company, asking God Almighty for our company's growth and success.

God is the Grantor of success

Mr. Faisal bin Abdullah Al-Qahtani

Chairman of the board

Description of the main activities of the company and its subsidiaries, and a statement of each activity and its impact on the volume of the company's business and its contribution to the results :

The company's investments are mainly divided into the health sector and various other investments as follows:

First: The health sector:

The company's strategy focuses on investing in the health sector, with the company's investments in this sector being as follows:

A/ Al-Ahsa Medical Services Company (subsidiary):

The company was established in 1418 AH with a capital of 150 million riyals. Al-Ahsa Medical Services Company's activities include the establishment, management, operation and maintenance of hospitals, clinics and medical centers, as well as the wholesale and retail trade of medical devices and equipment, hospital supplies, perfumes and cosmetics.

Al-Ahsa Hospital is a private hospital with a state-of-the-art design that has the capacity for future expansion, taking into account the healthcare trends in the region and the increasing demand for high-quality services. It is located on a total area of 50,000 square meters. The hospital building consists of five floors and a basement with a capacity of 220 beds. The hospital includes several departments, including surgery, internal medicine, obstetrics and gynecology, pediatrics and neonatology, a cardiac unit, cardiac catheterization, and dialysis, in addition to a dermatology and cosmetic center.

In addition, the hospital is accredited by the Saudi Central Board for Accreditation of Healthcare Institutions (CBAHI).

B/ Al Salam Medical Services Company (subsidiary):

The company was established in 1436 AH with a capital of 200 million riyals. Its main activity is managing and operating Al Salam Hospital in the city of Khobar. Al Salam Hospital was opened in October 2022 AD. It is one of the most modern hospitals in the Eastern Province, extending over a total area of 100,000 square meters, with 14 floors and a capacity of up to 495 beds.

The first phase of the hospital has already introduced 150 beds, which will be increased in the future based on operational rates. The hospital houses 110 clinics staffed by experienced consultants and specialists, as well as 24/7 emergency medical services. It includes 12 departments covering most medical sectors, supported by more than 6 specialized centers that provide various additional services required, including, but not limited to: physiotherapy, an obesity center, an IVF unit, and a dermatology and plastic surgery center.

The core transaction is the sale of shares owned by Ayyan Company in its following subsidiaries (Al-Ahsa Medical Services Company, Al-Salam Medical Services Company), in exchange for non-cash consideration represented by the issuance of new shares by Dallah Company to Ayyan Company:

As Ayyan Company is an investment company that aims to maximize the return on investment for the company's shareholders, on 08/16/1445 AH corresponding to 02/26/2024 AD, the company announced the signing of a non-binding memorandum of understanding with Dallah Healthcare Company to sell the company's shares in Al-Ahsa Medical Services Company, owner of Al-Ahsa Hospital in Al-Ahsa (amounting to 97.41%), and Al-Salam Medical Services Company, owner of Al-Salam Hospital in Al-Khobar (amounting to 100%) through a share swap (the core deal). After conducting financial and legal due diligence studies, the company announced on 02/16/1446 AH corresponding to 08/20/2024 AD that it had concluded a binding acquisition and subscription agreement with Dallah Company on 02/15/1446 AH (corresponding to 08/19/2024 AD) regarding the core deal, which is the sale of the shares owned by Ayan Company in the following subsidiaries through a single deal: (1) Selling all shares owned by Ayyan Company in Al-Ahsa Company, which represent 97.41% of its capital, to Dallah Company, and (2) Selling all shares owned by Ayyan Company in Al-Salam Company, which represent 100% of its capital, to Dallah Company. Ayyan Company and Dallah Company have agreed that the consideration due to Ayan Company for selling the above-mentioned shares to Dallah Company shall be non-cash consideration represented by Dallah Company issuing new shares to Ayyan Company in the amount of 3,893,603 shares, which will represent 3.83% of Dallah Company's capital after increasing its capital. There may also be cash consideration due to Ayyan Company or due to Dallah Company according to specific cases in the acquisition and subscription agreement. The General Authority for Competition issued a non-objection on 03/16/1446 AH (corresponding to 09/19/2024 AD) to complete the economic concentration process resulting from the deal. Accordingly, the Capital Market Authority approved on 08/06/1446 AH (corresponding to 02/05/2025 AD) Dallah Company's capital increase request for the purpose of acquiring 97.41% of the capital of Al-Ahsa Medical Services Company. And all the shares in Al Salam Medical Services Company, and it was also agreed between the parties simultaneously to extend the validity of the agreement for an additional two months to enable the two parties to complete the procedures related to the fundamental transaction and in line with the requirements of Chapter Eleven of the Rules of Offering Securities and Continuing Obligations Regulations, the company announced on 08/20/1446 AH corresponding to 02/19/2025 AD an invitation to the company's shareholders to participate and vote in the Ordinary General Assembly meeting scheduled to be held, God willing, on Wednesday 09/12/1446 AH corresponding to 03/12/2025 AD to vote on the fundamental transaction related to selling all the shares owned by Ayyan Company in its following subsidiaries through a single transaction.

All the presentation and disclosure requirements of International Financial Reporting Standard No. 5 have been applied, as all revenues of Al-Ahsa Medical Services Company and Al-Salam Medical Services Company have been collected and classified under the item of results of discontinued operations. This required adjusting the comparative periods of the statement of profit and loss and comprehensive income. All assets and liabilities of Al-Ahsa Medical Services Company and Al-Salam Medical Services Company have also been classified under the name of assets related to the disposal group held for sale, as well as liabilities related to the disposal group held for sale. On 09/13/1446 AH corresponding to 03/13/2025 AD, the company announced the approval of the Ordinary General Assembly for the substantial transaction.

The main reasons for the changes in operating results compared to the previous year's results:

The reason for the decrease in losses during the year compared to the losses of the previous year is due to the following:

- 01
- Decrease in losses resulting from discontinued operations (due to the decrease in the loss of Al Salam Medical Services Company, as a result of the increase in Al Salam Hospital's revenues from 50.8 million riyals in the previous year to 196.5 million riyals during the current year as a result of the increase in the number of clients and the increase in operating rates in the hospital)
- 02
- Lower cost of revenue
- 03
- Decrease in sales and marketing expenses.
- 04
- Increase in the company's share of the profits of an associate company.

Taking into consideration that all revenues and expenses of Al-Ahsa Medical Services Company and Al-Salam Medical Services Company (subsidiary companies) have been classified during the current period and the comparative period, and the net results of these companies appear under the item of discontinued operations. All comparative figures have also been reclassified to be consistent with the method of presenting the figures of the current period in accordance with the requirements of International Standard No. 5.

Company's dividend policy:

Article (43) of the Company's Articles of Association stipulates the dividend distribution policy as follows:

- 01** The company's annual net profits shall be distributed after deducting all general expenses and other costs, in addition to reserves (if any), bonuses and compensation of the Board of Directors.
- 02** The General Assembly shall determine the percentage of net profits to be distributed to shareholders after deducting reserves, if any.
- 03** The Ordinary General Assembly, based on the proposal of the Board of Directors, may set aside a certain percentage of the net profits to form a reserve or certain reserves for specific purposes determined in the General Assembly's decision. The competent authority shall set controls for forming these reserves. In all cases, the percentage of profits after deducting the set aside reserves may not exceed (10)% of the net profits.
- 04** The Ordinary General Assembly, when determining the share of shares in net profits, may decide to establish other reserves, to the extent that it serves the interest of the company or ensures the distribution of fixed profits as much as possible to shareholders. The aforementioned assembly may also deduct amounts from the net profits to achieve social purposes for the company's employees, such as establishing social institutions for the company's employees or to assist existing such institutions.

(44) of the company's articles of association also indicated the following:

The shareholder is entitled to his share of the profits in accordance with the General Assembly resolution issued in this regard. The resolution shall specify the due date and the distribution date. The right to profits shall be for the shareholders registered in the shareholders' records at the end of the day specified for the due date.

The company's board of directors must implement the general assembly's decision regarding the distribution of dividends to registered shareholders within a period not exceeding fifteen (15) days from the due date of those dividends specified in the assembly's decision or the board of directors' decision to distribute interim dividends, as the case may be.

It is worth noting that no recommendations have been issued to distribute dividends during the year 2024.

The Board of Directors of Ayyan Investment Company acknowledges the following:

That the accounting records were prepared correctly.

01

The internal control system was prepared on sound foundations and implemented effectively .

02

There is no doubt about the company's ability to continue its activities

It is worth noting that the following was mentioned in the auditors' report:
During the year ended December 31, 2024, the Group incurred a net loss attributable to shareholders of SAR 164.41 million, and accumulated losses as of December 31, 2024 amounted to SAR 410.98 million, representing 40.84% of share capital. As disclosed in Note 16 to the financial statements, the Group entered into a share purchase and subscription agreement to sell its stake in two of its subsidiaries. Management believes that the outcome of this sale will improve the Group's financial position. In addition, the Group may consider selling a portion of its investment properties to further address this matter, if required. These events and circumstances, among other things, indicate the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion on this matter has not been modified.

03

During 2024, the company did not purchase any treasury shares.

Committee members	Position
Waleed bin Amer Al-Rumaih	President
Rashid bin Abdullah Al Rashid	Member (from outside the Council)
Hani Abdullah Abu Al-Naja	Member (from outside the Council)

The tasks of the Audit Committee and its term of office:

Committee's responsibilities:

The Audit Committee is responsible for monitoring the company's operations and verifying the integrity and soundness of its financial reports, statements, and internal control systems. The Committee's duties include, in particular, the following :

- 01 Regarding the job of **the chartered accountant (auditor) and preparing financial statements and reports** :
- ▶ Recommending to the Board of Directors the appointment of chartered accountants (auditors), which includes the committee's review of their professional competencies, confirmation of their independence and the expected risks of a conflict of interest, as well as determining their fees and dismissing them .
 - ▶ Verifying the independence, objectivity, fairness and effectiveness of the auditor's audit work, taking into account relevant rules and standards .
 - ▶ Reviewing the company's auditor's plan and work and ensuring that he does not submit technical or administrative work that falls outside the scope of the audit work in accordance with the principle of independence and expressing its views on this matter .
 - ▶ Answering the company's auditors' inquiries .
 - ▶ Study the auditor's report and his comments on the financial statements and follow up on the action taken regarding them .

02 In relation to the **compliance and compliance function**, the Committee shall:

- ▶ Reviewing the results of regulatory reports and ensuring that the company has taken the necessary measures in this regard .
- ▶ Verifying the company's compliance with relevant regulations, rules, policies and instructions
- ▶ Reviewing contracts and transactions proposed to be concluded by the company with related parties and submitting its views on them to the Board of Directors .
- ▶ Submitting any issues that it deems necessary to take action on to the Board of Directors and issuing recommendations on the measures that must be taken .

03 With regard to the **internal audit function** , the Committee shall:

- ▶ Study and review the company's internal control, financial, and risk management systems, and identify shortcomings in the overall structure and operation of internal control systems .
- ▶ Studying internal audit reports and following up on the implementation of corrective actions for the observations contained therein .
- ▶ General supervision of the performance and activities of the internal auditor and the internal audit department in the company, in order to verify their effectiveness in carrying out the work and tasks assigned to them by the Board of Directors.
- ▶ Preparing recommendations for establishing the company's internal audit department and its budget, selecting and appointing the director of the internal audit unit or department, and ensuring the independence of internal auditors .

04 Regarding **financial reports** :

- ▶ Study the draft of the preliminary quarterly financial statements before publishing them, presenting them to the Board of Directors, and making recommendations thereon if necessary .
- ▶ Study the draft annual financial statements before submitting them to the Board of Directors and expressing an opinion and recommendation regarding them .
- ▶ Expressing an opinion, upon the request of the Board of Directors, as to whether the Board of Directors' report and the company's financial statements are fair, balanced, understandable, and include information that enables shareholders and investors to evaluate the company's financial position, performance, business model, and strategy .
- ▶ Study any important or unusual issues included in the financial reports .
- ▶ Carefully research any issues raised by the company's CFO, his/her designee, the company's compliance officer, or the auditor .
- ▶ Verifying accounting estimates in the material topics included in the financial reports .
- ▶ Study the accounting policies followed by the company and express an opinion and recommendation to the Board of Directors regarding them.

05 Regarding **general matters**:

- ▶ The committee must develop a mechanism that allows company employees to confidentially submit all observations regarding violations or transgressions contained in the financial reports. Committee members must conduct an independent investigation commensurate with the severity of the violation.
- ▶ The Committee is responsible for its work before the Board of Directors, without prejudice to the Board's responsibility for such work and for the powers and authorities delegated to it.
- ▶ The Chairman of the Committee must attend the General Assembly to answer shareholders' inquiries .

Committee powers:

The Committee has the following powers:

- ▶ Requesting appropriate documents, records, reports, explanations and other information from the Board of Directors, executive directors and officers of the Company.
- ▶ Inviting the company's executive directors, officials and employees to committee meetings to answer any questions the committee may raise .
- ▶ To request the Board of Directors to call the company's general assembly to convene if the Board of Directors obstructs its work or the company suffers significant damages or losses .
- ▶ Hiring experts, consultants and specialists from outside the company while performing its work .
- ▶ Carry out any duties assigned to it by the Board of Directors within the limits of its powers.
- ▶ Review and evaluate the provisions of these regulations and prepare recommendations to the Board of Directors regarding amending any part thereof, if necessary .
- ▶ Preparing quarterly reports to the Board of Directors on a regular basis, and the Committee submits them to the Board of Directors immediately after the Committee meeting .
- ▶ Determine the monthly salaries, incentive bonuses and other rewards for the Internal Audit Department, the Internal Auditor or the Compliance and Compliance Department in accordance with the company's internal regulations approved by the Board .
- ▶ The Committee shall conduct an annual review and evaluation of its bylaws and prepare recommendations, if necessary, to the Board of Directors regarding amendments to any part thereof .
- ▶ Treating the information they have as a result of their direct work of the Committee with complete confidentiality.
- ▶ Informing the Board of Directors of developments that affect their independence or conflicts of interest related to the decisions taken by the Committee .
- ▶ The Committee's term ends at the end of the current session .

The measures taken by the Board of Directors to inform its members (especially non-executives) of shareholders’ proposals and comments regarding the company and its performance:

In the event of any comments from the company's shareholders, they are received through the company's official channels by the Shareholder Relations Department and sent to the Executive Management. The Chairman of the Board is then notified of them. The Chairman of the Board informs the Board members of the comments raised by the shareholders, how to address them, and the means to take them into account if they prove to be effective at the first meeting .

The rewards policy stipulates the following:

1) Board of Directors' Remuneration:

- ▶ The Board of Directors’ remuneration consists of a specific amount, a meeting attendance allowance, in-kind benefits, or a specific percentage of net profits. Two or more of these benefits may be combined, in accordance with the provisions of the Companies Law, the Corporate Governance Regulations, and the rules and standards set by the Capital Market Authority in this regard.
- ▶ The remuneration of the members of the Board of Directors may vary in amount, taking into account the member’s experience, specializations, work and tasks assigned to him, the number of meetings he attends, and other considerations .
- ▶ The Board of Directors’ report to the Ordinary General Assembly must include a comprehensive statement of all the bonuses, expense allowances and other benefits that each member of the Board of Directors received or was entitled to receive during the fiscal year. It must also include a statement of what the members of the Board received in their capacity as employees or administrators or what they received in exchange for technical, administrative or consulting work. It must also include a statement of the number of Board meetings and the number of meetings attended by each member from the date of the last meeting of the General Assembly.
- ▶ The Board shall disclose in its annual report the details of the policies relating to remuneration and how they are determined, and the amounts and benefits in kind paid to each of its members for any executive, technical or administrative work or positions.
- ▶ If the General Assembly decides to terminate the membership of a member of the Board of Directors who is absent due to his failure to attend (three) consecutive meetings or (five) separate meetings during his membership term without a legitimate excuse accepted by the Board of Directors, then this member shall not be entitled to any remuneration for the period following the last meeting he attended, and the Board member must return all remuneration paid to him for that period.
- ▶ If it becomes clear that the bonuses paid to any member of the Board of Directors are based on incorrect or misleading information, the member of the Board must return them to the company, and the company may demand that he return them.

2) Executive Management Bonus:

With regard to the executive remuneration policy, the Nominations Committee reviews the executive remuneration regulations and submits a recommendation at the end of each fiscal year regarding the disbursement of such remuneration and its amounts .

The bonuses specified in the contracts of some senior executives, according to which these bonuses are paid on their due date, are taken into account. The Nominations Committee reviews the nomination and bonus policies annually to verify their compatibility with the company’s strategy.

27

Clarifying the relationship between the rewards granted and the applicable rewards policy, and indicating any material deviation from this policy:

The above-mentioned remuneration policy was adhered to, as the Nominations Committee recommended disbursing the remuneration in accordance with the remuneration policy regulations, and it was subsequently approved by the Board of Directors .

28

All members of the Board of Directors declare that they are not participating, carrying out, participating or have been participating in any business that competes with the Company or any of the branches of activity carried out by the Company.

30

The means relied upon by the Board of Directors to evaluate its performance and the performance of its committees and members, the external party that conducted the evaluation and its relationship with the company, if any.

The Nominations and Remuneration Committee identifies the strengths and weaknesses of the Board of Directors and proposes solutions to address them in a manner consistent with the Company's interest. The Committee evaluates the members of the Board of Directors. The Nominations and Remuneration Committee is evaluated by the Chairman of the Board, and the members of the Board complete the necessary evaluation forms. The Company believes that there is no need to seek the assistance of an external party to evaluate the members of the Board of Directors, as the Nominations and Remuneration Committee conducts the self-evaluation of the members of the Board of Directors.

31

A penalty, sanction or precautionary restriction imposed on the company by the Authority or any other supervisory, regulatory or judicial body:

There is no penalty or punishment, but in April 2024, the company received information indicating its violation of Paragraph (a) of Article 88 of the Corporate Governance Regulations, which stipulated that the company did not refer to the Audit Committee's recommendation regarding the adequacy of the company's internal and financial control systems and risk management. The company also received information in April 2024 indicating its violation of the rules and regulations due to its failure to publish the annual financial statements for the period ending December 31, 2023, within the specified statutory deadline, as well as its failure to submit the Board of Directors' report for the fiscal year 2023. The Board of Directors of the Capital Market Authority issued a decision on 12/16/2024 AD to issue a written warning to prevent this from happening again in the future.

32

Lawsuits filed against the company:

There are no lawsuits in which the company is a party.

33

Results of the annual review of the effectiveness of the company's internal control procedures:

First: The foundations of internal control, the application of the control cycle within the company, and the risk management and monitoring policy:

In light of the internal control reports, the Audit Committee reviews the audit cycle for all the company's activities in accordance with the (COSO) system. Strengths and weaknesses are identified, as well as updating the records of the risks to which the company is exposed and how to reduce them and setting up control systems that ensure that they do not occur or that their effects are not exposed. The Internal Audit Department also sets the annual plan to ensure the quality of the internal control system in place and makes recommendations regarding updating the internal control system in order to update the systems to reduce the effects of emerging risks according to the risk records of the Internal Audit Department, and submit them to the Audit Committee and follow up with the executive management in implementing those recommendations.

Second: Results of the annual review of the effectiveness of internal control. The following are the most important procedures and essential observations:

During 2024, the Committee examined and evaluated the Company's internal control system based on the internal audit reports, and ensured that the Company's managements were committed to implementing the recommendations contained in those reports. It also studied and reviewed the main operational, financial, and administrative risks that the Company may face, in addition to examining the strengths and weaknesses of the internal and financial control systems and risk management. The results of the examination revealed that there were no material deficiencies that required disclosure, and that risk control procedures were being managed within the established limits, in a transparent manner, and in a timely manner. The Committee emphasized the ongoing need to update the company's systems and policies to keep pace with business changes and the requirements of continuous development of risk management, and to complete what is necessary to perform its duties efficiently and effectively, in addition to changes in the relevant systems and regulations issued by the competent authorities. The Audit Committee considered that there were no material deficiencies that required disclosure, and the Committee did not issue any recommendations regarding the adequacy of the company's internal and financial control systems and risk management.

34

Details of the company's social contributions:

During 2024, the company contributed 185,000 riyals as a main partner to the Eastern Chamber's annual reception.

The auditor's report did not include any reservations on the annual financial statements for the fiscal year ending 31/12/2024.

The auditor's report includes the following note:

Material uncertainty related to continuity

During the year ended December 31, 2024, the Group incurred a net loss attributable to shareholders of SAR 164.41 million. Accumulated losses as of December 31, 2024 amounted to SAR 410.98 million, representing 40.84% of share capital. As disclosed in Note 16 to the financial statements, the Group entered into a share purchase and subscription agreement to sell its stake in two of its subsidiaries. Management believes that the outcome of this sale will improve the Group's financial position. In addition, the Group may consider selling a portion of its investment properties to further address this issue, if required.

This indicates Events and conditions, among other things, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion on this matter has not been modified.

37

Chartered Accountant

The Ordinary General Assembly held on 28/11/1445 AH corresponding to 05/06/2024 AD approved the proposal of the Company's Board of Directors based on the recommendation of the Audit Committee to appoint Messrs.
